## Passport Application Procedures Streamlined

Personnel assigned to the U.S. European Command are required to process passport applications through the Installation Passport Office (in Stuttgart, Det. C, 510<sup>th</sup> Personnel Services Battalion) instead of going directly to a U.S. Consulate. This requirement, found in joint regulation USAREUR Regulation 600-290/USNAVEUR Instruction 4650.2/USAFE Instruction 36-1301, was implemented to maximize services to service members and their family members. The requirements apply to active-duty military, DoD full-time civilian employees of appropriated fund and non-appropriated fund activities, U.S. citizen full-time employees of organizations contracted by the U.S. government, family members and bona fide household members of those in the previous categories.

The PSB helps fill out forms and ensures the application packet is complete. The application packet is then sent to the servicing U.S. Consulate or embassy via military courier or registered mail. Completed passports are returned to the PSB for customer pickup.

The military courier system offers important advantages in terms of consulate security, customer travel time and efficient processing of actions. Military ID card holders with true emergencies should check with the PSB for procedures to request special processing. For info call 431-2798/civ. 07031-15-798.
